Compostela Group of Universities

15th January 2019

31 member universities of the CGU submitted placement offers for STELLA for Staff

Enjoy an international experience

Discover STELLA for Staff,
professional mobility programme for services staff of CGU member universities

The Compostela Group of Universities received placement offers from 31 members and eight from universities integrated into the Consortium for North American Higher Education Collaboration (CONAHEC) for the mobility programme STELLA for Staff.

These universities submitted 68 placement offers through the online form, one of which was excluded as it was submitted after the deadline. Most of these offers have already been published on the STELLA for Staff programme page on the Compostela Group website, after having been confirmed by the HE institutions that submitted them.

With the publication of the list offers, the

Compostela Group of Universities has opened the call for applications for the 18 grants awarded by the network. These grants have an economic allocation of 1,000 euros each.

Before submitting an application for a grant, it is necessary to note that only the service staff of those member universities that have offered at least one placement will be eligible for mobility grant. For this reason, CONAHEC's university services staff may only apply for a non-granted mobility.

Once the deadline for the submission of applications has expired, a Selection Committee will be in charge of deciding on the beneficiaries of the granted and non-granted. [+INFO](#)

Virtual exchange and 21st-century teacher education conference

The final conference of the European policy experiment EVALUATE will be held at the University of Leon from 4th to 6th September.

The Virtual exchange and 21st-century teacher education conference, organised in association with UNICollaboration, is aimed at educators and policymakers. Within the framework of this conference, the results of the EVALUATE project will be presented. This project, in which the CGU is part of the consortium, conducted the first large scale study of Virtual Exchange (VE) in Europe.

Besides, the organisation opened a call for papers for researchers on the theme of VE. [+INFO](#)
