

STELLA Junior registers the largest students' participation since its creation

Looking for an internship abroad?

Discover STELLA Junior, the mobility & training programme for students of the CGU

STELLA Junior mobility programme experiences a large increase in student participation in the present call, the most successful since the launch of this initiative in 2014.

The Executive Secretariat of the Compostela Group of Universities received 23 applications for the STELLA Junior programme, one of which was received after the deadline and will not be reviewed by the Selection Committee.

In 2019 the record of student's participation, which dated from 2015, was broken. Twenty-three student applications have been received in this call, five more than in the above-mentioned call.

In addition, there has been a slight decrease in the participation of member universities. Four fewer universities participated in this call than in 2018, when 22 universities and institutions collaborated with the programme.

Candidates from 10 member universities participate in the VIII International Video and III Research Pitches Contests'

The Compostela Group of Universities received 20 applications for the VIII International Video and II Research Pitches Contests'.

For the VIII International Video Contest, the Jury will select the winners among the four applications submitted for the call 2019. In this call, the videos were submitted by students from the following universities: University Jaume I (Spain), University of Guadalajara (Mexico), University of Pécs (Hungary) and University Anahuac Xalapa (Mexico).

As for the III Research Pitches Contests, 16 application have been submitted, of which one was received after the deadline. Thus, the jury will have to decide on the three winners of the 2019 call among 15 pitches. [+INFO](#)
