SYMPOSIUM
19 September 1997
13.00 - 17.00

International Business and Education: Partnership Models

Few will want to argue against collaboration between business and education. The mutual benefits of such links are clear. In this symposium models of partnerships are presented, all of which distinguish themselves by their international dimension. In the modern world education is rapidly becoming as international as business, which can give an added value to business-education collaboration.

13.00-14.00: **Welcome with light lunch**

14.00-14.15: **Introduction by Chair: Mr Simon Sperryn, Chief Executive, London Chamber of Commerce and Industry**
